

REPUBLIC OF THE PHILIPPINES CITY ASSESSOR'S OFFICE Ground to 3rd Floor, Civic Center Building B City Hall Compound, Quezon City

#### **CITIZEN'S CHARTER**

#### A.1 Frontline Services

We are committed to maintain the integrity and reliability of our existing real property assessment database, which form part of the Quezon City Real Property Assessment and Taxation System (QCRPATS) to which we base the billing and collection of real property taxes.

Foremost among the various services extended to our clientele are the declaration and certification of real property assessment records, as already detailed in our Citizen's Charter.

#### About the Tax Declaration

*Tax Declaration* is a document that reflects the value of real property (Land, Building/Improvement or Machinery) for purposes of Real Property Tax, assessed against the owner/taxable person or entity, as authorized under the Local Government Code (RA 7160), implemented through City Ordinance No. SP-91, S-1993, as amended, or The Quezon City Revenue Code of 1993.

The Owner's Copy of a tax declaration is issued upon registration of transfer of ownership of real property from the previous owner to a new owner, or upon declaration of new building or improvement and machinery. Under existing laws, it is the duty of all persons acquiring property to declare the same with the City Assessor's Office within a period of sixty (60) days from the issuance of its Transfer Certificate of Title (TCT) or Condominium Certificate of Title (CCT).

Tax Declaration can also be issued for other transactions such as:

- (i) Segregation/Consolidation
- (ii) New Assessments
- (iii) Reassessments/Reclassifications
- (iv) Revision of values (per existing Ordinances)
- (v) Correction of Entry/ies
- (vi) Annotations, etc. as maybe necessary

Ground to 3rd Floor, Civic Center Building B City Hall Compound, Quezon City

#### A.1.1 REQUEST FOR ISSUANCE OF NEW TAX DECLARATION

#### A.1.1.a Transfer of Ownership

and other parties of interest

buyers, brokers, Consultants, realtors/developers
