10901020	Supply, Delivery, Installation, Testing And Commissioning Of The Quezon City Business Startup Application Program This Project Is For The Provision Of An Online Method For Applying For The Quezon City Business Startup Program. The Program Will Be Open To Students And Entrepreneurial Startups And Will Be Jointly Administered By The Investment Affairs Office (Iao) And The Local Economic Investment Promotions Office (Leipo).Project Scope Of Work – The System Will Have The Following Components:I. Technical Specifications:A) All Internal Users Will Require A Valid Email Address To Log In And Use The System. They Can Recover Their Password Through Their Email. B) The Web Applications Will Be Accessible Using The Latest Versions Of Safari And Chrome On Mac/Ios And Chrome On Windows/Androidc) The Web Applications Will Store All Data And Documents In The Cloud Instead Of On-Premises Servers.D) The Cloud-Based Hosting Of The Data Will Be Provided For One (1) Year, Subject To Renegotiation Thereafter.E) All Data Captured By The System Shall Remain The Property Of The City, And The Cloud-Based Storage That Contains The Data Will Be Turned Over To The City When The Service Agreement Expires Or Is Terminated.Ii. Security:A) The Web Server Will Be Protected By Ssl Certificates.B) The Web Server Will Be A Separate Instance From The Database Server.C) The System Will Implement Industry Standard Measures To Protect User Data, Prevent Web Fraud, Mitigate Bot Attacks, Secure Apis, And Prevent Unauthorized Application Access. D) The System Should Conform With Applicable Data Privacy Laws. Iii. System Features:A) Target Audience1. The Program Will Have Both A Students And Non-Students Category2. Vetting And Approval Of The Students Category Will Be Handled By The Local Economic Investment Promotions Office (Leipo) While The Non-Students Category Will Be Managed By The Investment Affairs Office (Iao).B) Application Module1. All Applications May Need To Include Some Or AllOf The Following Requirements:A. Duly Accomplished Online Application Formb. Video Outlining Their Business Idea Or Pitchc. Proof Of Identification And/Or Resided. Relevant Clearance Certificate E. Business Proposalf. Non-Disclosure Agreement2. Applications For The Student Category May Need To Provide Some Or All Of The Following:A. Proof Of Enrollment B. Signed Parental Consent Formc. Faculty Advisor Informationd. School Endorsement Form3. Applications May Be Submitted By An Individual Or A Team4. Applicants	CAO	No	PB	2nd Semester				GF	9,900,000.00	0.00	9,900,000.00	QC - ICTE Program

	Will Have The Ability To Download And Print Accomplished Application Forms 5. Applicants Will Have The Ability To Respond To Evaluator’S Feedback And Upload Additional Required Documents, If Needed6. Media Such As Videos And Or Documents Will Be Uploaded As Part Of The Application Process7. Applicants Will Be Able To Track The Status Of Their Submitted Application8. Applicants Have The Ability To Cancel Their Applications9. If Applicable, Applicants Will Be Able To Download The Post-Approval Requirements’ Templates C) Approval Module1. Iao And Leipo Will Have Separate Approval Modules To Review And Evaluate The Non-Student And Student Category Applications Respectively2. Applications Will Go Through An Initial And Final Approval Process3. Evaluators Will Be Able To View The Submitted Applications And Any Media Provided, As Well As Their Status4. Evaluators Will Be Able To Search For Specific Applications5. Evaluators Will Have The Ability To View The Evaluation History Of An Application6. There Will Be A Provision To Digitally Return The Application To The Applicant To Send Feedback And Require Additional Documents7. If Required, Evaluators Will Be Able To Validate The Submitted Requirements And Input A Filing Reference Number For Each Application D) Reports Module1. Iao And Leipo Will Be Able To Access Certain Reports Or Metrics2. Application Submission Overview3. Approval Liste) Integration With External Applications (Optional)1. The Service Provider Will Include An Application Programming Interface (Api)That Can Be Used By External Systems Such As The Quezon City Online Unified Business Permit Application System (Qc Oubpas) To Obtain Relevant Startup Business Information2. The Api Must Include Security Features That Safeguard Against Data Breaches

50213030	Smart streetlight-ready LED Luminaire This shall be the minimum specification for the LED luminaire. Above the minimum specification shall be accepted but to no additional cost to the City Government, LED luminaires should be SMART-Streetlight ready. A. Physical Characteristics I. Heat Sink: Extruded Aluminum alloy material with an anodizing finish in light gray color; II. Dimension: Length not more than 600mm, width not more than 350mm, and height not more than 150mm; III. Modularity: LED arrays, drivers, surge protection devices, and controllers should be modularly replaceable, without the need to dismantle other components; IV. Boom angle adjustable design: at least 0 – 90 degrees to suit the lamp post with different boom angle and the different width of roads; V. Weight: Maximum of 7 kilograms; VI. Ingress Protection: IP66 or higher for housing and all individual system components; VI. Mechanical Impact Protection: IK08 or equivalent to 5 joule (drop of 1.7 kilogram object from 29.5 cm height); VII. Lens Cover: High transmittance rate Optical PC Lens cover with Anti-UV material; IX. Shape: Generally circular / elliptical / rectangular in configuration B. Electrical Characteristics I. Safety: Luminaire complies with the latest edition of the Philippine Electrical Code (PEC); II. Wire Type: THHN (copper stranded) using terminal blocks for connections; III. Wire Electrical Insulation: Complies with PEC class 1; IV. Grounding: PEC compliant; V. Operating Voltage: 230 volts AC, 60 Hz with fluctuation tolerance of ±10%; VI. Operating Current: Maximum 700 mA; VII. System Power: Not more than 75 watts; VIII. Surge Protection Standard: EN61547 / IEC61000-4-5, both positive and negative polarities are applied 1KV to the input AC power port; IX. Surge Protection Function: Series connection type with the indication of end-of-life status; X. Total Harmonic Distortion: ≤ 15%; XI. Power Factor: ≥ 0.95 XII. Maximum Operating Temperature (Ambient): 50°C; XIII. Dimmable Power Supply / Driver: The driver	CAO	No	PB	2nd Semester				GF	5,757,124.00	5,757,124.00	0.00	Quezon City Integrated Energy Efficient Streetlighting Program

	shall enable 0-10V DC / PWM interface dimming control to perform Dim requirement such as 80%, 60%, 40%, 20% of full lumen output. It shall also have a programmable feature to allow pre-programming of variable dimming light levels. C. LED Performance and Photometry I. Minimum Luminous Efficacy: not less than 110 lumens/watt; II. Correlated Color Temperature (CCT): 5000K – 6000K; III. Minimum Color Rendering Index (CRI) not less than 70; IV. Lumen maintenance of LED source after 6,000 hours of operation: ≥ 96% of original light output or ≥ 96% lumen maintenance; V. Minimum operating life of luminaire before the Lamp Lumen Depreciation (LDD) reaches 70% of its initial value: LM80 report indicates L70 over 50,000 hours; VI. Road Luminance: (75W) Luminance average Eavg 20 Lux & 0.4 uniformity ratio minimum allowed (Minimum/Average) or Emin/Eavg) and Minimum Emax 30 Lux above under lamp for streetlighting post with the following specifications: mounting height of 8 mts, overhang of 1.5 mts, boom angle of 10 degrees, boom length of 2.0 mts, single row pole arrangement, pole distance of 25 mts, and road width of 8.0 mts. VII. Lumen Output: not less than 8,250 lumens VIII. Photometric Distribution IES Type I Short. The LED luminaire should be Smart Streetlight – ready (with NEMA socket for 7 Terminals and cover, with dimmable driver), which shall be subject for Field Testing.

10901020	QUEZON CITY QC-eSERVICES PLATFORM CLOUD HOSTING, WEB APPLICATION FIREWALL & MAINTENANCE SERVICES This project is for the provision for the local government of Quezon City with a cloud environment which is stable, secure, and scalable for its QC-eServices core platform. This includes an appropriate content distribution network as well as a web application firewall to protect user data. PROJECT SCOPE OF WORK The system will have the following components: Technical Specifications: a. Scalable Cloud Hosting for QC-eServices core systems that can support the load from QC city hall office staff users, web and API calls of online service providers, and the projected usage of QC residents and nonresidents alike. The Cloud Hosting for QC-eServices core systems will encompass both production and test environments. The components should be able to meet the maximum specifications listed below at any time, and for the whole duration of the contract if required.Type Maximum Specifications Max Count Virtual Machine 4 vCPU, 4GB RAM 1 Virtual Machine 1 vCPU, 8GB RAM 1 Virtual Machine 2 vCPU, 4GB RAM 2 Virtual Machine 2 vCPU, 4GB RAM 5 Virtual Machine 2 vCPU, 4GB RAM 5 Virtual Machine 2 vCPU, 4GB RAM 66 Virtual Machine 1 vCPU, 4GB RAM 12 Virtual Machine 2 vCPU, 8GB RAM 2 Persistent Disk 28220 GB 1 Managed Relational Database 1 vCPU, 4GB RAM 456 GB Storage 2 Managed Relational Database 12 vCPU, 20GB RAM 728 GB Storage 2 Managed Relational Database 2 vCPU, 4GB RAM 393 GB Storage 1 Managed Relational Database 2 vCPU, 4GB RAM 578 GB Storage 1 Managed Relational Database 2 vCPU, 7GB RAM 100 GB Storage 10 Managed Relational Database 2 vCPU, 7GB RAM 2 TB Storage 1 Network Attached Storage 8TiB HDD 1 Load Balancer Forwarding rules: 47 Inbound data processed: 100 GiB Outbound data processed: 100 GiB 1 Virtual Machine 2 vCPU, 4GB RAM 22 Managed Relational Database 4 vCPU, 15GB 200 GB 4 Managed Relational Database 10 vCPU, 20GB 200 GB 1 Virtual Machine 1 vCPU, 4GB RAM 1 Virtual Machine 2 vCPU, 8GB RAM 1 Virtual Machine 2 vCPU, 4GB RAM 3 Virtual Machine 4 vCPU, 16GB RAM 1 Virtual Machine 6 vCPU, 24GB RAM 1 Virtual Machine 1 vCPU, 4GB RAM 1 Virtual Machine 1 vCPU, 6GB RAM 1 Virtual Machine 1 vCPU, 2GB RAM 1 Virtual Machine 2 vCPU, 16GB RAM 1 Persistent Disk 4022 GB 1 Managed Relational Database 2 vCPU, 12GB 658 GB 1 Virtual Machine 1 vCPU, 2GB RAM 1 Virtual Machine 1 vCPU, 4GB RAM 2 Virtual Machine 2 vCPU, 4GB RAM 1 Persistent Disk 840 GB 1 Managed Relational Database 1 vCPU, 4GB 168 GB 1 Logging N/A 1 Networking N/A 1 Resource Monitoring Dashboard N/A 1 Web Application Firewall Policies: 15 Rules: 15 Incoming requests: 100,000,000 1 Cloud DNS Managed Zones: 10 Queries: 100,000,000 1 Cloud CDN Cache egress - Asia/Pacific: 1,024 GiB 1 API Gateway N/A 1 Serverless Functions Region: Singapore Invocations: 2,000,000 RAM (GiB-seconds): 1,000,000 per month CPU (GHz-seconds): 1,400,000 per month Networking: 9,765.625 GiB per month Minimum number of instances: 2 1 Managed Relational Database 4 vCPU, 15GB SSD Storage: 1,024.0 GiB Backup: 2,048.0 GiB Not highly available 1 Managed Relational Database 4 vCPU, 15GB SSD Storage: 1,024.0 GiB Not highly available 1 Blob Storage Total Amount of Storage: 1,024 GiB Class A operations: 1 million Class B operations: 1 million 1 Pub/Sub Volume: 100 GiB Subscriptions: 1 Retained acknowledged subscriptions: 1 1 b. 10901020	DEVELOPMENT, INSTALLATION, TESTING AND DEPLOYMENT OF THE QUEZON CITY CIVIL SOCIETY REGISTRATION SYSTEM The project is for an online registration system that nonprofits or CSOs can use to seek certification from the Quezon City Local Government Unit (QC LGU). Nonprofits will provide all their relevant information, and authorized representatives of QC LGU can assess their eligibility prior to granting certification. This registration system or web application will run off the existing QC-eServices online platform of Quezon City. Those eligible can use the certification from Quezon City in their fundraising and marketing materials. Anyone in the country, or even abroad can use the system to search for nonprofits they deem worthy, providing them with an invaluable tool to where there currently is none. PROJECT SCOPE OF WORK The system will have the following components: i. Technical Specifications: a) All users will require a valid email address to log in and use the system. They can recover their password through their email. b) The web applications will be accessible using the latest versions of Safari and Chrome on Mac/iOS and Chrome on Windows/Android c) The web applications will store all data and documents in the cloud instead of on-premises servers. d) The cloud-based hosting of the data will be provided for one (1) year, subject to renegotiation thereafter. e) All data captured by the system shall remain the property of the City, and the cloud-based storage that contains the data will be turned over to the City at an agreed upon date prior to the expiration or termination of the agreement. ii. Security: a) The web server will be protected by SSL certificates. b) The web server will be a separate instance from the database server. c) A secure means of communication between all servers within the cloud must be provided. d) The system will implement industry standard measures to protect user data, prevent web fraud, mitigate bot attacks, secure APIs, and prevent unauthorized application access. e) The system should conform with applicable data privacy laws. iii. System Features: a) The Civil Society Organization Registration System is open to all nonprofits who wish to seek official certification and recognition from the local government of Quezon City; b) The general public, through their QC-eServices account, will be able to use the system to search for and view all nonprofits who have been granted certification by QC LGU; i. Search by Category; ii. Location; iii. Public sector being served; iv. Funding status c) Apart from providing detailed information about their organization, applying nonprofits may be required to submit relevant documents such as: i. Certificate of Registration; ii. Articles of Incorporation and By-Laws; iii. General Information Sheet (GIS); iv. Annual Reports; v. Philippine Council for NGO Certification (PCNC) accreditation; vi. Financial information; 1. Income statement 2. Balance sheet 3. Revenue by category 4. Expenses by category d) Applying nonprofits will be able to use the system to submit information on ongoing programs and projects that for which they are seeking donations; e) Applying nonprofits may be asked to submit impact assessments and success criteria of their programs and projects; f) Applying nonprofits may be required to provide accountability and transparency metrics on their organization; g) Nonprofits will be able to edit their information in the system, but depending on what information is edited or changed, recertification or approval by QC LGU may be required; h) The System will have a facility to provide other government agencies or nonprofit certification bodies access to the relevant information submitted by certified nonprofits to QC LGU; i) Internal Quezon City Hall personnel with valid access can review and approve the applications; i. Reviewer and approver workflow ii. Pending applications inbox iii. Search feature iv. Feedback for rejections or incomplete documents v. New applications and information change requests of those already certified j) Certified nonprofits may be required to update their information on a periodic basis as a condition for their ongoing certification; k) Certified nonprofits may be removed from the certification list pending a review by QC LGU; TOTAL AMOUNT FOR THE DEVELOPMENT, INSTALLATION, TESTING AND DEPLOYMENT OF THE QUEZON CITY CIVIL SOCIETY REGISTRATION SYSTEM	CMO	No	PB	2nd Semester				GF	23,000,000.00	0.00	23,000,000.00	QC - ICTE PROGRAM

10901020	SUPPLY, DELIVERY, INSTALLATION, TESTING AND COMMISSIONING OF QUEZON CITY HEALTH INFORMATION SYSTEM (QC HIS) An Electronic Management Records System (EMRS) will be set-up, installed, configured, customized, and deployed to all identified health facilities of the city. The project provides an opportunity to improve the quality of health services provided to the citizens of the city through a secure, robust, and efficient health information system. In addition, it aims to improve patient experience by enabling City health facilities to enter and manage patient data, clinical information, and health services. Furthermore, the project would establish a culture of information among key local decision-makers through good quality and timely health information. PROJECT SCOPE OF WORK 3.1 Software The Service Provider must supply, deliver, install, customize, test, and commission a Health Information System (HIS) that allows for the perpetual use of the software for the Quezon City Health Department. The Platform will be utilized at designated health facilities with unlimited number of users. The Health Information System (HIS) will be transferred to a Quezon City-owned IT infrastructure which may be a cloud and/or an on-premise environment at the end of the project. 3.2 Implementation Services The Service Provider must provide a project team to initiate, manage and support the project in all phases of implementation. 3.3 Training and User Manuals The Service Provider is responsible for “Train-the-trainers” sessions to empower key staff members to train other users. Additional training sessions will be provided to users identified to maintain and administer the system. User manuals should be provided during and after the training. 3.4 Technical Support Until the warranty period expires, the Service Provider must provide technical support to manage, maintain, diagnose, troubleshoot, and resolve issues, bugs and faults within the system. 3.5 Managed Services for Cloud The Service Provider must provide complete management of client cloud resources, including setup, configuration, optimization, security, and maintenance. Cloud hosting and services will be	CMO	No	PB	2nd Semester				GF	30,000,000.00	0.00	30,000,000.00	QC - ICTE PROGRAM
