WHEREAS, in 2005, Quezon City Council passed City Ordinance No. SP-1479, S-2005 entitled "An Ordinance declaring a Moratorium in the Franchise of Public Utility Tricycles in Quezon City and for other purposes." The passage of the said Moratorium was due to the proliferation of tricycles in practically all streets and roads of Quezon City, encroaching even the main thoroughfares, congesting the road network and complicating further the already complex traffic situation of the City;

g

WHEREAS, after the passage of the aforementioned Moratorium Ordinance, there are some tricycle associations, such as the herein applicants, who are left with pending applications for franchise before the Tricycle Franchising Board (TFB). With that, they still exist and operate for the main reason that their existence and operation are very much necessary in their respective areas; otherwise, transportation would be paralyzed;

WHEREAS, Section 3 of the Moratorium Ordinance states that “the Committee on Transportation of the City Council shall conduct a study on the present state of operation of public utility tricycles in the City in aid of legislation with the end in view of coming up with an ordinance that will rationalize the authorization and deployment of tricycles in the roads, streets and thoroughfares in Quezon City”;

WHEREAS, Section 4 of the Moratorium Ordinance further states that “the City Planning and Development Department (CPDD), in coordination with the Committee on Transportation, shall likewise conduct a study on the operation of tricycles and other transportation modes, the City’s transport corridors and road networks, traffic demands and projections and other relevant economic and transport matters, in view of coming up with a comprehensive transportation/traffic plan for Quezon City”;

WHEREAS, in 2014, the Quezon City Council enacted City Ordinance No. SP-2337, S-2014, otherwise known as the Quezon City Tricycle Management Code of 2014, to recognize the integral role of tricycles in the public transport system of the City and the Metropolis as a whole. The franchising and operation of tricycles shall be controlled and regulated with the end of view of effectively managing these vehicles for basic services;

WHEREAS, the Quezon City Tricycle Management Code of 2014, in order to address the proliferation of colorum or illegal units, implemented the “One-Strike Policy” against apprehended colorum tricycles;

WHEREAS, through Republic Act No. 7160, otherwise known as the Local Government Code of 1991, certain functions of the Department of Transportation and Communications (DOTC) were transferred to the local government units. Thus, Section 458 of the Local Government Code of 1991 provides for the corporate powers of the City, which include:
