With that, they still exist and operate for the main reason that their existence and operation are very much necessary in their respective areas; otherwise, transportation would be paralyzed;

WHEREAS, Section 3 of the Moratorium Ordinance states that “the Committee on Transportation and Communication [now Committee on Transportation] of the City Council shall conduct a study on the present state of operation of public utility tricycles in the City in aid of legislation with the end in view of coming up with an ordinance that will rationalize the authorization and deployment of tricycles in the roads, streets and thoroughfares in Quezon City”;
